

OKLAHOMA MARTIAL LAW CALLED POLITICS

STATE NEWSPAPERS CHARGE GOVERNOR IS SELF-SEEKING

**Asserted State Chief Seeking Sensational
Publicity to Further Intended Candidacy
for President on Anti-Klan Ticket—That
Martial Law is Libel on the Whole State**

(By the Associated Press)
OKLAHOMA CITY, Okla., Sept. 18.—A statement declaring that the proclamation of Governor J. C. Walton, placing Oklahoma under martial law "is a libel against the whole state" was issued here tonight by E. K. Gaylord, publisher of the Oklahoma City Daily Oklahoman and Times.
He asserted that the governor was seeking publicity to further his intended candidacy for president of the United States on an anti-Ku Klux Klan ticket.
"It is well known here that Governor Walton expects to become the anti-klan candidate for president of the United States and a proclamation of martial law ostensibly to fight the klan provides sensational publicity to further his candidacy," Mr. Gaylord said.
The Oklahoman and Times are independent Democratic newspapers and have opposed Governor Walton politically since he served as mayor of Oklahoma City.

SITUATION IN FLUME GROWS MORE SERIOUS

**Belief Prevails That
Occupation Means
an Annexation**

(By the Associated Press)
BELGRADE, Sept. 18.—Notwithstanding the assurances given by the Italian charge d'affaires that the dispatch of General Girardino to Flume as military governor has not affected the status of Flume, the feeling in this city today was that the facts of the case are accurately expressed by such newspaper headlines as "Italy Annexes Flume," "Italy Annexes First, Negotiates Afterwards," and everybody is asking, "has mobilization been ordered?"
Yet the uneasiness is being increased by the absence of any official statement after a two hour cabinet session last night. Deputy foreign Minister Neshitch, in the face of the fact that the occupation is officially admitted by Italy, expressed the opinion that the act did not constitute annexation, Italy expressly denying alteration in the status of Flume.
Grave View Taken.
The newspaper writers take an exceedingly grave view of the situation. They point out the fact that the occupation was carried out while the cabinet was considering a second personal communication from Mussolini to Premier Pachitch, containing proposals which include the surrender of Porto Barros, and part of Flume, the remaining part to be annexed to Italy, the establishment of a wide corridor between Flume and Italy and the surrender by Italy to Jugoslavia of the harbor for ninety-nine years.
It was these proposals, that served as a basis for the hope that complications would be avoided and everything settled by negotiation.

LEGISLATURE IN OKLAHOMA PLANS MEET

**Call for Session Completed and Ready
to File**

(By the Associated Press)
OKLAHOMA CITY, Okla., Sept. 18.—Members of the state legislature opened an offensive today against the official acts of Governor J. C. Walton in connection with his decree of martial law throughout the state.
Plans took shape among members of the legislature today to convene a special session in defiance of the governor to consider his official acts. Impeachment proceedings are considered certain if a sufficient number of the legislators can be rallied to the cause.
A call for an extra-ordinary session was completed tonight and is ready to be filed with the secretary of state as soon as a majority of the members of the house have signed a petition to convene the session.
Governor Firm
On the other hand, Governor Walton is firm in his determination to give his enemies in the legislature no chance to "interfere" with his declared intention to "wrest the civil government from the domination of the invisible empire and make the visible government again supreme."
He reiterated that any lawmakers that attempted to hold a special session of the legislature would be sent to jail.
"They shall not pass" was the cry that could be heard in the presence of armed guards posted before the doors of both the house and senate chambers at the capitol. Four soldiers with side arms held the entrance to each of the legislative halls.
Governor Walton holds that the legislature cannot meet in extraordinary, except upon his call, this procedure being outlined by the state constitution. He is ready to meet such an attempt with force.
Sponsors of the special session however, take the stand that the house can meet upon petition of a majority of the membership without the governor's consent and from an inquisitorial body to investigate conditions in the state, both public and private.
It is not contended that the house has the authority on its own motion to convene the legislature.
Declaring that the movement is a fight to determine "whether the governor is a dictator" or whether this is a state of executive, judicial and legislative government, promoters of the plan announced that a majority of the lower house already has consented to the meeting, sixty-four members they declare having responded favorably to the call.

THIRTEEN HURT WHEN TRUCK IS OVERTURNED

(By the Associated Press)
SUMMERVILLE, Ga., Sept. 18.—Thirteen persons, ten of whom are children, were injured when an automobile truck plunged down the side of a mountain near here today. The machine turned over three times and went over a 30 foot cliff before it was halted. The injured were brought here for treatment.
BLIZZARD IN COLORADO
Colorado Springs, Colo., Sept. 18.—A blizzard which struck the Cripple Creek district last night raised havoc with telephone and telegraph lines and left a mantle of snow a foot deep over the region according to word received here today.

SALE OF C. P. & ST. L. ORDERED POSTPONED

(By the Associated Press)
SPRINGFIELD, Ill., Sept. 18.—Sale of the Chicago, Peoria & St. Louis railway, ordered some time ago, by the Sangamon circuit court for September 26, was postponed today until November 1st. The change in dates was made by Judge E. S. Smith after he had denied a motion by Attorney General Brundage asking leave to file an intervening petition in which the attorney general sought to join patrons of the road in a protest against the sale.

THOUSANDS HOMELESS IN BERKELEY FOLLOWING DISASTROUS FIRE

(By the Associated Press)
BERKELEY, Calif., Sept. 18.—Heaps of sodden, water soaked ash, broken chimneys pointing crazily at the sky and jagged dead walls, were all that remained today of what was yesterday one of the most beautiful residence places in the west, the northeastern section of Berkeley.
Soldiers and police patrolled the ruins tonight with fingers on ready triggers where supposed looters slipped about or searched with electric flashlights for bodies, on the chance that all might not have escaped from the windwhipped inferno.
It was the belief of acting Chief of Police C. D. Lee, however, that all escaped with lives.
A number of children were posted as missing today, but they were school children who were at their studies when the fire broke out and who could not get back to their homes.
Thousands Homeless
The armory of the University of California, the big halls downtown, the nearby churches and many other public and semi-public places were crowded with refugees tonight. According to a police estimate between 12,000 and 15,000 are homeless, the fire having swept a thickly populated area for 50 blocks or more.
The exclusive residence sections with rows of university fraternities and sororities to the main business street were dreary wastes tonight, with searchers hurrying everywhere. The Red Cross maintained many stations on the edge of the district to care for refugees and workers alike. The fire apparatus remained pouring streams of water on the glowing embers here and there.
Loss of Millions
It was reported late today that the priceless libraries of Prof. Alexis Lange, nationally known authority on education and Prof. C. E. Chapman, prominent among history scholars had been destroyed. Both are members of the faculty of the University of California. The board of fire underwriters in San Francisco today appraised the damage at \$2,000,000, exclusive of personal belongings. It is expected that these will amount to at least \$2,000,000 more.

CARRIES BODY OF GIRL TO HOSPITAL THEN HURRIES OFF

**Police Searching for Youth
Have But Slight
Clues**
(By the Associated Press)
ROCKFORD, Ill., Sept. 18.—Police and deputies acting under the orders of Coroner Fred Olson are searching for a young man, who at 10 o'clock tonight entered St. Anthony Hospital here with the body of Sven Olson, 26 year old nurse, placed the dead form in a wheel chair and then disappeared before hospital attendants could stop or question him.
The girl, who is the daughter of John Olson, local furniture factory foreman, had been dead but a few minutes. There were no marks of violence on the body. Coroner Olson will conduct an autopsy to learn the cause of death at once. It is believed that she died of a narcotic poison by hospital authorities who examined the body.
Disappears Quickly.
The youth was described as being in the early twenties. He drove up to the hospital in an automobile. With the girl in his arms he entered the corridor and laid the body in a wheel chair just inside the entrance. Without a word he ran from the building, jumped into the car, whose engine was still running and disappeared.
The girl had asked leave to visit the business section of the city earlier in the evening.
An hour after the girl's body had been brought to the hospital authorities had obtained no further trace of the man. They were handicapped by the fact that they had but a meager description of him.

GERMANY TO TAX ALCOHOLIC DRINKS

(By the Associated Press)
BERLIN, Sept. 18.—A municipal tax on alcoholics is to be imposed in Berlin from which the city officials hope to realize approximately three trillion paper marks. The city tax is in addition to the state levy on beers, wines and liquors which has recently been increased to such an extent that in many cities beer halls and cafes closed for a day or two at a time as a protest against the measure.
Beer hall proprietors say that if the Berlin municipal tax is really enforced many of the old time drinking resorts here will be compelled to close.

ARIZONA TOWN IS REPORTED FLOODED

(By the Associated Press)
PHOENIX, Ariz., Sept. 18.—The town of Holbrook, Arizona, was reported flooded tonight following a cloudburst and at least one life was lost when the water swept thru the town, according to reports received here late tonight. All communications with Holbrook were lost shortly after 8 p. m.

DOWNSTATE WOMAN HEADS AUXILIARY OF STATE LEGION

**Spirited Contest Marks
Selection of State Treasurer**
(By the Associated Press)
DANVILLE, Ill., Sept. 18.—Downstate also captured the presidency of the American Legion Auxiliary. Mrs. W. H. Morgan of Edwardsville received 237 out of 320 votes, and was thereby elevated to the chair from the first vice-presidency. Mrs. Eva Springer of Elgin, the second vice president, polled 44 votes, and Mrs. E. Haywood of Berwyn, 49.
Placed in nomination the second time, Mrs. Haywood was elected first vice president. Other candidates included Mrs. Elizabeth Mann, Kankakee, and Mrs. Reba Williams of El Paso.
Because of a mistaken idea of convention rules, the election for first vice president was held twice. Mrs. Elizabeth Mann was eventually declared elected after it had been announced that the election was won by Mrs. C. E. Haywood of Berwyn. Because of the mistake Mrs. Haywood was elected second vice president.
Other Officers
Miss Ruby Flora of Paxton, was elected treasurer, in a spirited contest with Mrs. Eva Springer of Elgin. Other officers elected included the following:
Historian—Mrs. Grace Tibbals, Waukegan.
Chaplain—Mrs. T. H. Griffith, Danville.
Sergeant-at-Arms—Mrs. E. A. Parker, Peoria.
Mrs. Morgan, the new president, was elected national committeewoman, and Miss Mable Clothier of Rockford was elected page to the national convention.
Delegates to the national convention will be Mrs. Clothier, the retiring president; Mrs. Morgan, the president, and Miss Ruby Flora of Paxton, department treasurer.

VETERAN RAILROADER LOSES LIFE IN FALL

QUINCY, Ill., Sept. 18.—Martin Driscoll, aged 78, of Griggsville, Illinois, for 47 years a train foreman for the Wabash railroad, was instantly killed tonight when he fell, or jumped from a window in a hospital here to a porch, one story below.
No one witnessed the accident. He had been confined in the institution since last June. It is said he had been mentally unbalanced for several years and had been confined in different asylums before coming here.
Among those who survive him are three sons, Martin, agent for the Wabash at Mendota, Ill.; N. T. Driscoll, dispatcher for the same road at Griggsville; and Dennis Driscoll, a train dispatcher for the Wabash at Springfield.

MILITARY PRISONERS ORDERED INTO COURT

TULSA, Okla., Sept. 18.—A summons ordering Adjutant General B. H. Markham to appear in the district court tomorrow morning with three military prisoners held as witnesses in the floggings inquiry to show cause why the prisoners should not be released, proceedings was issued today. The paper was handed to Sheriff Bob Sanford but later was taken in hand by Col. E. L. Head, military supervisor of the sheriff's office who refused to indicate whether he would seek service upon his commander.

NEW YORKERS DEPRIVED OF DAILY PAPER

**Pressmen on Leading
Dailies Strike; Issue
Composite Paper**

(By the Associated Press)
NEW YORK, Sept. 18.—New York went without its leading newspapers for the better part of 24 hours today when a strike of 2500 web pressmen prevented publication of a majority of the city's morning and evening dailies.
From midnight last night until this evening the city's millions practically were cut off from news of their own and the rest of the world's doings. An early edition of the New York Evening Post, run off by a hastily recruited corps of pressmen, was the only one of the large afternoon papers to appear before noon and when that had been exhausted, the news stands, usually loaded with frequent editions of the afternoon dailies, were bare and hundreds of ravenous voiced newsboys were mute.
Newspapers in nearby New Jersey cities, smaller local papers not affected by the strike, and foreign newspapers hastened to take advantage of the situation rushing thousands of papers and scores of emergency newsboys to the more important traffic intersections where they enjoyed an unprecedented sale at premium prices.
Prints English Paper
One Boston newspaper sent copies of a special edition to the city by airplane, while a local Italian paper, for the first time in its history, put on sale an all-English edition. Many newsstands presented the unusual picture of newspapers in a half dozen foreign languages and none in English.
The newspaper famine was relieved in the late afternoon when a composite newspaper representing jointly the 11 afternoon newspapers affected, appeared on the streets.
The unique publication bore the names of all the 11 newspapers in the usual typographical style used by each.
The strike was called a few minutes after midnight by Web Pressmen's Union No. 25, after the organization had concluded a four hour meeting. President David Simons of the Union declared that all but one of the members had voted for the strike which he said, grew out of inability of the union and the publishers to agree to a working contract to replace the one which expired September 8.

FINISH FIGHT PROMISED TO BEER RUNNERS

**All Law Enforcement
Bodies Combine in
Chicago**
(By the Associated Press)
CHICAGO, Sept. 18.—A fight to a finish between allied city, county and national law enforcement agencies and Chicago beer runners was promised tonight after a conference of Chicago, state and federal officers.
Meanwhile the police, fearing the possibility of renewed warfare between rival gangs of beer runners, which resulted last night in the shooting to death of two members of an alleged beer running band had rounded up more than a dozen suspects and were making desperate efforts to keep them in custody despite the pleas of attorneys for the suspects for habeas corpus writs. The slaying last night of George Meekhan and George Bucher, who rode along the street in an automobile and the killing of "Jerry" O'Connor, another alleged beer runner, also caused Mayor William E. Dever today to order every saloon, coffee shop and restaurant in which intoxicants were found to be dispensed to be closed.
Men in Custody
"Spike" and Steve and Pat of the O'Donnell clan said to head one of the beer running factions were all in custody tonight. Among others held were Daniel McFall, former deputy sheriff who was at liberty under \$50,000 bail in connection with the O'Connor slaying; Eddie Kaufman, who was one of those held in connection with alleged attempts to tamper with the Governor Small trial jury at Waukegan; Joseph Bucher, brother of one of the slain men and Dan and Tony Marbita, said to be suspected of taking an actual part in last night's slaying.
Others held include alleged

Wreck of Destroyers Thought Due Compass

(By the Associated Press)
SAN DIEGO, Cal., Sept. 18.—In the maze of technical testimony presented at today's court of inquiry investigating the wreck of seven destroyers off Point Honda, Sept. 8, a radio compass seemed to point toward a logical explanation of the disaster, and according to officers prosecuting the investigation toward the person or persons on whom responsibility for the tragedy may be fixed.

Central California Ringed In By Fires

(By the Associated Press)
SAN FRANCISCO, Cal., Sept. 18.—Central California continued today to be ringed by forest and brush fires, a number of which were beyond control. Two towns were destroyed and others were threatened by the flames that forest rangers and volunteer firemen were fighting.
The summer playground of San Francisco, the Russian river district was the center of the fire area and Boys Springs, a town of considerable size was burned. Every building including the hotel and approximately fifty cottages were destroyed. Thousands of men are trying to extinguish the flames in the Sonoma valley. Two hundred soldiers from Fort Baker were placed on duty in Marion county to the north of San Francisco to aid in fire prevention. The federal forest service reported the fire in the California National Forest in Lake county had been controlled after burning over 15,000 acres. The fire is still burning south of this forest.
Two men are thought to have lost their lives and \$100,000 in property of the Sugar Pine Lumber company has been destroyed in Madera county by a fire that was all but under control tonight. Several hundred men are on the fire line.

SELF-CONCERNED
Gen. Woods reports that the
people of the Philippines take
little interest in partisan politics
and are chiefly concerned in their
own affairs, and the education
and welfare of their children.
The statement confirms the views
held in this country. Everything
is being done to educate the Fili-
pinos in local self government, so
that they may protect themselves
from rapacious native leaders
who seek to exploit the country
for their own personal gain.

STATES BOOSTING TAXES
While the federal government,
under a Republican administra-
tion, has been repealing some
forms of taxation, state govern-
ments are devising new methods
of collecting taxes from their

people. Gasoline taxes are be-
coming quite common, ranging
from one to three cents per gal-
lon. The imposition of this tax
has not thus far resulted in the
reduction of any other tax, so it
is an added burden, quite widely
distributed. One southern state
imposed a license tax on auto
dealers and the legal department
of the state has held that the law
applies to auto salesmen, so that
if one dealer employs a half dozen
salesmen, each must pay the tax.
In Massachusetts an annual li-
cense fee of \$5 has been imposed
upon aviators and the register of
motor vehicles has been directed
by resolution of the state legis-
lature to consider the advisability
of imposing license fees upon
auto repairmen.

A drastic income tax is await-
ing a popular vote in Oregon.
Most of the states are increasing
the taxes exacted from railroads,
which taxes, of course, are a fac-
tor in fixing freight and passen-
ger rates, and, eventually, are
paid by all the people. In nearly
all the states, highway taxes are
on the increase and in several
states large bond issues have been
made, necessitating large in-
creases in taxation in the future.
Under the pretext of regulation
and supervision in the public in-
terest, many states have estab-
lished new bureaus which collect
fees from the people. In fact, it
would be difficult to find a state
in which there has been a lifting
of taxes, as there has been in the
federal government.

BROADCASTING DISEASES
Alarmists who take a fiendish
pleasure in prophesying human
woe have often told, in recent
years, how whole races might be
annihilated in future war by the
scattering of deadly disease
germs from airplanes. It was as-
sumed that the thing was prac-
tical. Laboratories could furnish
the germs, and all that was re-
quired was the diabolical will to

sow them broadcast over hostile
cities and countries.
There may be something in it,
but certainly not all that the
alarmists have pictured. For the
thing has been tried, on a small
scale, and failed utterly. A crazy
chemist in Paris smashed in the
street a lot of glass tubes con-
taining some of the deadliest dis-
ease germs known to the medical
profession. And the population
was not wiped out as by evil
magic. There was no epidemic.
People were frightened when they
heard about it, but they did not
die. They did not even get sick.

The Pasteur Institute, which
followed up the matter with sci-
entific precision, found that even
the most virulent and hardy of
those germs died within an hour
after their exposure to air and
light.
Imagine, then, what would hap-
pen to any quantity of germs
scattered from an airplane. In-
evitably they would be exposed,
with killing effectiveness, to their
own worst enemies. Disease
germs can resist fresh air and
sunshine even less than human
beings can resist disease germs.

Old Jacksonville
Timothy Chamberlain—Old Settler
(Part Two)
Continued from September 12
(BY ENSLEY MOORE)
Member Illinois Historical Society

The railroad running from
Merodosa to Jacksonville and
Springfield was in such bad con-
dition that travelers preferred to
ride in hacks, and I commenced to
carry passengers and made it a
rule to be at the river when a
steamboat arrived from St. Louis
to Peoria. I happened to be more
popular with travelers and citi-
zens than most of the hack driv-
ers, and in consequence had more
custom, which enabled me to sup-
port my family comfortably.
Money was very scarce and trade
was used in payment for labor,
but travelers had to be supplied
with money, so I was in better
condition to purchase what I
needed than a mechanic at that
time. As example I will state a
transaction. I wished to pur-
chase some wood, and on Saturday
afternoon I went to the public
square for that purpose. I found
several two horse wagon loads
with what they called half a cord
each.

I hunted up the owners and
asked them the price, "five bits
trade or 40 cents cash." I bought
four loads or two cords for \$1.60.
As little as I had I was called a
moneyed man, because so few
persons had the opportunity to
handle any money. During this
time I did not go into the under-
ground railroad business, but if
I got up in the morning and found
my hack missing I did not make
any complaint but waited for its
return, which always happened
one or two nights afterwards.
About 1845 work becoming more
plentiful, and wishing to be more
with my family, I sold my horses
and hack, and purchased a lot,
a few doors west of where I was
living, of a Mr. Henk. There was
a log building on the lot, which I
moved some distance back, and
built an addition to it, and mov-
ed into it November 25, 1845. Be-
ing Thanksgiving day we had a
thanksgiving supper for the first
meal in the house. (This original
log room, forms the sitting room
of the residence on the corner of
College Avenue and West Street,
known as the Chamberlain home-
stead and is yet in good preserva-
tion in 1894).

The snow was quite deep and I
was very cold and I had but lit-
tle wood. The next morning I
went out to collect some money
that was due me, but the man
said he could not raise a dollar in
money, but if it was wood I
wanted, he had some, one mile
from town, which I could have for
87 1/2 cents per cord. I agreed to
take it and borrowing a wagon
from Mr. Cleidum, who was
keeping house for Judge Wm.
Thomas, (who at that time lived
in the house that was afterward
purchased and occupied by Dr.
David Prince as a sanitarium.) I
hitched my horses to it and in
two days had five cords of wood
piled up in my yard. I received
enough money from my horse and
hack to pay for my home. I
worked at brick laying and plas-
tering in the summer, and in win-
ter kept books, made out bills, or

tended store for the merchants.
Cash was very scarce, but I could
get wood, meat, etc., for work
and got along very comfortable.
Our five children, Emma P.,
Mary A., Juliette J., Dennis B.,
and Francis W., were born and
grew to maturity in Jacksonville.
Emma and May and Nettie gradu-
ated at the Presbyterian Acad-
emy and Frances at the Methodist
college.
Mary married F. Leslie Kellogg
and they live in Santa Barbara,
California. Emma was married to
S. W. Hardacre and is living at
present at Santa Barbara, Califor-
nia. Nettie married Wm. L.
Mason, and they went to Denver;
now live in California.
During the War of the Rebel-
lion, being too old to be received
as a private in the army, I joined
the Union League of America, of
which I soon became the presi-
dent, and continued in that office
until the close of the war, and at
our last meeting I was chosen to
keep the regalia, books, etc., and
it was left entirely at my option
and judgment in regard to calling
any future meetings.
In 1877 my beloved wife died,
since which time I have lived in
Jacksonville, except when visit-
ing my children at their various
homes.
From a list of my ancestors
several generations back I have
names and nationalities as fol-
lows: On my mother's side
Grants from Scotland, Deyergux
from England and Dennis from
the Isle of Jersey. On my father's
side Chamberlain from one of
three brothers who came from
England and settled in Mystic,
Mass., and Carroll from England.
All of my ancestors who were liv-
ing at the time of the Revolution
were ardent and active patriots
and did good service on land and
water, and their descendants as
far as I have ever learned, have
been true to the Union army.
Many of them having given their
lives for their country.

Secretary Old Settlers.
Mr. Chamberlain was made
Secretary of the Old Settlers' As-
sociation, at the meeting in 1873,
succeeding Dr. John W. Craig, the
first secretary.

It is hard to say if any other
one person in Morgan county ever
contributed as much pleasure to
the people of Morgan, Cass and
Scott as did Timothy Chamberlain
in the twenty-two years that he
acted as Secretary for the Old
Settlers.

The work was his love, and
labor was not considered by the
valiant old man, if only he could
honor those gone before, and
please their successors. And the
state of Illinois, as well as these
three counties owes him a debt
of gratitude for his efficient ser-
vices.

He joined the Old Settlers in
the Realm of Glory in 1896.
In this connection it should be
stated that Mr. Chamberlain was
a devoted member of the Metho-
dist Episcopal church; his last
membership being in "West
Charge" and Grace church.

**MEREDOSIA CHILD TO
BE BURIED TODAY**

Funeral of Little Son of Mr. and
Mrs. Lee Edlen to be Held at
M. E. Church—Other Mer-
cedosa Items.

Mercedosa, Sept. 18. — The fun-
eral services for Roy Edlen, little
son of Mr. and Mrs. Lee Edlen,
will be held Wednesday afternoon
from the M. E. church. The ser-
vices will be in charge of the pas-
tor, Rev. G. W. Holmes, and bur-
ial will be made in the Mercedosa
cemetery.

The child passed away Monday
evening after an illness of two
weeks, at the age of one year and
nine months. Surviving are the
parents, three sisters and four
brothers.

Woman's Club Held Session Tues-
day at Home of Mrs. Robert
Van Tuyle—Other News from
Manchester.

Manchester, Sept. 18. — The
woman's club held a meeting
Tuesday afternoon at the home of
Mrs. Robert Van Tuyle south of
town. On account of the rain
the trip to the Van Tuyle home
was made in the auto bus owned
and driven by E. A. Lashmet.
There were 15 members and two
guests present and the program
as previously announced was car-
ried out. A brief business ses-
sion was held, after which re-
freshments were served by the
hostess.

The next meeting of the club
will be held on October 17 at the
home of Mrs. J. H. Langdon.

News Notes
Miss Hazel Greenwalt, who is
teaching near Litchberry, spent
the week end with home folks.

Mr. and Mrs. Walter Rimby
entertained on Sunday the follow-
ing relatives from Carrollton: Mr.
and Mrs. Joe Mitchell, and daugh-
ter Ruth, George Mitchell and
sisters, Misses Mary and Anna.

Mr. and Mrs. Harry Wells and
children of Jacksonville spent
Saturday night and Sunday with
Matt Cotter and family.

L. C. Funk was a business vi-
sitor in Jacksonville Tuesday.

Miss Mabel Cuddy of Jack-
sonville is visiting her sister, Mrs.
Ernest Cooper.

Rev. H. M. Ingram is expected
home tonight from Champaign,
where he attended the M. E. con-
ference. Rev. Mr. Ingram has
been returned to the Manchester
church for the coming year,
which is good news to the many
friends of the family here.

Among those who saw the cir-
cus in Jacksonville Monday were
Mr. and Mrs. Ernest Cooper and
daughter Grace, Mr. and Mrs.
George Cooper, Liano Wiggins
and Millard Murray.

Miss Verna Blakeman of Jack-
sonville spent Sunday with home
folks.

The revival services at the Ba-
ptist church are continuing dur-
ing this week. The attendance
each night is large and some
especially fine sermons are being
delivered by the evangelist, Rev.
L. C. Bauer, of White Hall.

HELD BIRTHDAY PARTY
Miss Virginia Keenan, daugh-
ter of Mr. and Mrs. C. E. Keenan
of Alexander, celebrated her
twelfth birthday Sunday with a
dinner at her home. A number
of her young friends were invit-
ed, and all spent an enjoyable
afternoon playing games and lis-
tening to music. Miss Keenan
received a number of useful and
handsome gifts.

Mrs. Anna Ranson was a Frank-
lin shopper in the city Tuesday.

**LEGION CONTINUES
KEEN FOR FESTIVAL**
A meeting of the local post of
the American Legion was held
last evening at their hall on the
north side of the square. All ef-
forts were bent toward making
the coming festival a rousing
success. Reports were heard
from various committees and the
work of preparing for the event
was found to be progressing in
good shape.
It was decided to give the
Automotive Dealers' association
space for a tent on the square,
so that an auto show of consid-
erable proportions can be held in
connection with the festival. The
Chamber of Commerce is working
with the Legion to make the
event a success.

APPOINTMENTS MADE BY M. E. CONFERENCE

Various Changes in Pastors
Made in Final Session of Gathering at Champaign

In the closing hours of the Illinois Conference, the bishop announced that Gypsy Smith, who is the idol of the British Wesleyan church is regarded by the bishop as peerless in chasteness of diet and for searching scriptural preaching, plans to spend six months in this country, in this coming year, and at the suggestion of Bishop Nicholson, a committee consisting of one minister and one layman from each of the seven districts of the conference, was appointed to confer with him, relative to holding a ten days institute for evangelistic purposes within the bounds of the conference, in the coming October to give the ministers an inspiration and training in the evangelistic task for the current year. A resolution of appreciation was offered and adopted, with respect to the Rev. F. B. Madden, for his 15 years of consecutive and faithful service as secretary of the conference.

It was announced that the next edition of the conference minutes would be a pictorial number, containing a cut of every minister, whether active, supernumerary, or superannuated, or local preacher, if he is in charge of a church. This will greatly add to the attractiveness of the minutes for next year, which will mark the one hundredth anniversary of Illinois Conference Methodism.

EMMERSON IS NAMED COMMITTEE CHAIRMAN

(By the Associated Press.)
SPRINGFIELD, Ill., Sept. 18.—Secretary of State Louis L. Emerson, today was named chairman of the reception committee to welcome David Lloyd George, former prime minister of England to Springfield on October 18.

Arrangements for the visit were planned at a meeting of local organizations with Sir Alfred Cope, personal representative of Mr. Lloyd George.

The former premier will be the guest of the city from 4:45 on the afternoon of October 18, when he is scheduled to arrive over the Chicago & Alton railroad until late the same night, when, according to plans, he will depart for St. Louis. A public dinner in his honor at 7 p. m. will follow a visit to Lincoln's Tomb and Lincoln's Home where Mr. Lloyd George will lay a wreath on the martyr's sarcophagus.

The inquest into the deaths of Meeghan and Bucher whose bodies were riddled with bullets and stung from pistols and sawedoff shotguns in the hands of occupants of an automobile which drew along side of the one in which they were riding was opened today but after the bodies were identified it was continued until October 10. Officials from the coroner's office declared that they had trouble in finding six men who were willing to serve on a coroner's jury, many of them declaring that they had been warned to refuse.

jury had been allowed to convene he might have been indicted.

"The grand jury has been called because at a hearing before the secretary of state it developed that certain state employees had been used by state officials in an attempt to defeat an initiated petition which was sought to give legislature power to convene without call from the governor. The use of state employees either in support or opposition to an initiated measure is a violation of the state constitution and the penalty is removal from office."

"It is well known here that Governor Watkins expects to become an anti-klan candidate for president of the United States and a proclamation of martial law ostensibly to fight the klan provides sensational publicity to further his candidacy."

WAVERLY

Waverly, Sept. 18.—The Country Club of Household Science very pleasantly surprised one of their members, Mrs. Cliff Harris, Tuesday of last week, when they assembled at her home at the noon hour, bringing all the members of their families, with well filled baskets, to help Mrs. Harris celebrate her birthday anniversary. After a bountiful dinner, the members gave their regular program, which was very entertaining and was as follows:

Roll Call—People of Interest.

Paper, "Who's Who"—Miss Mabel Harris.

"The Seven Most Noted Americans"—Miss Katherine Osborn.

Music—Mrs. Lester Davenport.

Walter Samples of the Mud Prairie neighborhood was given a surprise recently by a number of his friends in honor of his 35th birthday anniversary. During the evening refreshments of ice cream and cake were served. Those present were: Rev. G. W. Nichols, Miss Meta Darley, Mr. and Mrs. William Samples, Mr. and Mrs. Allen Turner, Mr. and Mrs. Howard Barto, Walter Rouland and family, Arthur Rouland and family, Cleve Eldredge and family.

Born, to Mr. and Mrs. George Dorward, September 12, a daughter.

A company of Carrollton people were entertained last Sunday by Miss Marion Caruthers at her country home northwest of town. The guests were members of the Clara Smith Hardestad class of the Sunday school of the Carrollton Methodist church, and Miss Caruthers was the teacher of this class during the two years she spent in Carrollton teaching in the high school. The class attended Sunday school and church services here at the First M. E. church and spent a very enjoyable day at the home of Miss Caruthers.

Mr. and Mrs. Fletcher Lankton of Decatur spent the week end here visiting relatives. Mr. and Mrs. Lankton were married in Springfield September 8th, by Rev. E. B. Rogers at Central Baptist church and went immediately to their new home in Decatur. Mrs. Lankton is the oldest daughter of Mr. and Mrs. Frank Leatty of this city and Mr. Lankton is the oldest son of Mr. and Mrs. J. H. Lankton. They are both graduates of W. T. H. S. and have many friends here.

Mr. and Mrs. Charles Rossman were callers in Springfield Saturday. Miss Ena Sims and Everett Tinsley were married Saturday, September 8th, by Rev. C. W. Andrews at his home here. The bride was accompanied by the bride's sister, Miss Edna Sims. Both families reside south of Waverly, and the young people are popular in their community. They will reside on the Tinsley farm.

A capacity house was in attendance Friday night at the benefit movie, the proceeds being for the benefit of the Japanese Relief Fund. A goodly sum was taken in, the affair being under the auspices of the united missionary societies of the city and Mrs. J. N. Thomas was chairman of the committee.

Mr. and Mrs. Fred Dettman of Narks, Kansas, have been visiting relatives in this vicinity.

Allan Conlee of the east side has gone to Kansas and other western points.

Many from here are planning to attend the State Fair at Springfield this week.

A tent show will be in the city all next week, the company being "Bud Hawkins" comedians, showing every night in the park.

Jess Timmons left last week for Saskatchewan, Canada, where he has farming interests. He has made an extended stay in Waverly.

F. S. Reesor has returned home from a short business trip to Chicago.

Earl Stevenson of Chicago was a week end guest at the home of E. M. Narr of the north side.

Mr. and Mrs. Henry Miner, who teach in the public school at Greenville, spent the week end with home folks here.

Mr. and Mrs. W. H. Rohrer returned home Thursday from Chicago, where they had spent a few days. Mr. Rohrer being on the market with cattle.

Rev. Herbert Ford, who was called here last week by the illness and death of his aunt, Miss Della Ford, at Springfield hospital, returned last week to the home of his parents, Mr. and Mrs. Joseph Ford, at Humboldt, Nebraska. Mr. Ford is the district missionary of the American Baptist Home Mission society located at Caguas, Porto Rico, and is home on a vacation until December. After spending a few weeks with his parents he will go to Chicago to enter the University of Chicago during the remainder of his stay in the United States. Mr. and Mrs. Ford have been in the United States since July, having toured the eastern states before going west to visit relatives.

Miss Dorothy Schramm returned home last Wednesday from Williams, where she had spent two weeks visiting with relatives.

Mrs. Fred S. Dennis spent last week in Greenfield visiting at the home of her daughter, Mrs. Horace Luce.

It was the occasion of Mrs. Brooks' birthday and about thirty members of her lodge attended the party. A splendid birthday supper was served, and the evening was spent socially with games, contests and conversation.

Baptist Class in Business Meeting.

The Amoma Bible class of the First Baptist Sunday school held its quarterly business meeting in the church parlors last evening. A large number of the members

were present, and the meeting was full of interest. Plans for the work of the coming year were discussed. The meeting was preceded by a substantial supper, in charge of the following committee, hostesses for the month: Mrs. Charles H. Story, chairman; Mrs. Henry Bersig, Mrs. Daniel Barton, Mrs. Charles Patrick, Mrs. J. H. Rimbey, Mrs. Walter Mumbauer, and Mrs. Craig. Mrs. A. B. Williamson is the teacher of the class.

Household Science Club Met.

The Household Science club met Tuesday afternoon at the home of Mrs. E. S. Greenleaf, 133 Park street. The program of the meeting was on the subject of "Classical Shrubbery and Old Fashioned Gardens." Mrs. Frank Elliott had charge of the program and spoke from an abundance of experience. Mrs. Nelson Murphy gave a very excellent talk on "The Story of Grandmother's Old Fashioned Garden." Another interesting talk was given by Mrs. Carl E. Robinson on the subject of "Annuals and Perennials."

Two guests of the afternoon were Mrs. A. E. Cline and Mrs. Carl Gordon. After the program there was a social hour when delightful refreshments were served by Mrs. Greenleaf.

Strawn's Crossing Club in Meeting

The Strawn's Crossing Women's club held its regular meeting yesterday afternoon at the home of Mrs. Walter Bozarth. Although rainy weather prevailed, a good number of guests and members of the club attended. During the business session, Mrs. Roy Newberry presided in the absence of the president.

It was decided to hold the annual open meeting of the club on Oct. 16. The following committees were named to arrange for the meeting:

Entertainment — Mrs. Frank Green, chairman; Mrs. Henry Strawn and Mrs. Edward Sturgeon.

Domestic — Mrs. J. W. Rawlings, chairman; Mrs. Roy Newberry, Mrs. Frank Hunter, Mrs. Albert Hopper and Mrs. Robins Strawn.

There being no further business, the club listened to the presentation of a paper by Mrs. Henry Strawn, entitled "Homes of the Old Country." The next meeting of the club will be held Oct. 9 at the home of Mrs. Roy Newberry.

IMPROVE HOMES ON HARD ROADS

State Highway Engineer Says Where Hard Roads are Built New Homes and Improvements on Old Ones Follow.

SPRINGFIELD, Ill.—(By the Associated Press)—A vast improvement and beautification of farm homes where state hard roads have been built, is told by state highway engineers after a tour of inspection over the state.

"Hard roads bring farmers in closer touch with the outside world," said Ralph R. Benedict, assistant chief highway engineer. "We have noticed throughout the state where hard roads have been built that farmers have repaired old fence posts, and in some instances have built new fences. Others have repainted their homes and built or improved them. Where old shacks have stood, now, one sees new houses, or a big porch built on the old house. The more roads we build the more beautiful farm homes Illinois will have."

Mr. Benedict stressed the importance of residents of this state adopting the "See Illinois First" slogan. The mountainous counties of Union, Jackson, Pope, Hardin, Gallatin and White in Southern Illinois were said by him to include some of "the most beautiful spots in the country."

"There are places in this state on the hard roads where a tourist can look ahead for miles at the green, fertile lands of the state," he said. "Our roads wind through beautiful hills, past green fields, and in places through mountainous regions."

"We just tried to keep road grades down to six per cent, that is, an elevation of six feet to every 100 feet. However, in some cases the grades exceed this, running as high as 43 percent. As far as possible, it is our aim to cut away steep hills by blasting or run our roads around them, dependent upon the circumstances."

MATRIMONY

Oldenberg-Nebold
Announcement was made yesterday that the marriage of Mrs. A. C. Nebold of 243 Prospect street and F. F. Oldenberg of Linden, Wis., will be solemnized this morning at 7:30 o'clock at the home of Rev. T. H. Tull on West College avenue.

Immediately after the ceremony the bride and groom will leave for Decatur, where a wedding breakfast will be given in their honor by Mr. and Mrs. Forrest C. Nebold. Later they will go to Chicago for a few days' stay.

Mrs. Oldenberg will wear a gown of beaver peloret with accessories of a harmonizing shade. After October 1 they will be at home at Linden, Wis., where Mr. Oldenberg is a successful business man operating a furniture and undertaking establishment.

For a number of years Mrs. Oldenberg has been associated with many social and religious organizations in Jacksonville and she will be greatly missed here by a large number of friends.

COSTS MONEY TO FLY NATIONAL COLORS

Wind and Rain Soon Wears Out Flags Placed on Top of State House—Spend \$240 a Year for Emblems.

Springfield, (By The Associated Press)—It costs the state of Illinois \$240 a year to fly the national colors from the tall dome of the capitol, according to the estimate of J. A. Tucker, superintendent of grounds and buildings.

Six flags a year, Mr. Tucker says for the flagstaff on the dome, and every one of them is torn to tatters by the gale of wind always blowing at that height above the ground. Sometimes a flag lasts only a day, but it goes up just the same, he said.

Occasionally, in sleety weather, a new flag has gone up in the morning and has come down completely in tatters in the evening. Figuring only from 1888, the date of the final completion of the state capitol, one finds that at least 210 flags have been beaten to pieces on the tall flagstaff.

"Because the weather is so hard on the flags, we have rainy day flags and bright day flags," Mr. Tucker explained. "In summer time new colors are flown. In winter we send up the old ones."

The life of a flag on a tall building can be increased considerably, according to Mr. Tucker, if it is properly taken care of. From time to time the capitol flags are sent to a local dry goods store where rents and tatters are repaired so that the colors will be ready for the losing battle with the elements.

HOME OF DAUGHTER OF DR. HARKER BURNS

Loss is Complete Including Personal Effects of Dr. and Mrs. Harker Who Were Visiting Her.

Word was received in this city at 2:15 o'clock this morning thru the medium of a telegram from Dr. Harker to A. C. Metcalf of the destruction of his daughter's home in Berkeley, Calif., by fire.

The message follows: Berkeley, Calif., Sept. 18, 1923. A. C. Metcalf, Jacksonville, Ill.

Bess' house gone; saved nothing; all safe; sleeping and eating at Ralph's home which is safe, entirely out of burned district; no danger now; our tickets, papers, clothes, everything burned up, but we are all right, and thankful. Send good night letter, tell us everything. (Signed)

Joseph R. Harker. It will be recalled that Dr. and Mrs. Harker left Jacksonville some time ago on a western trip and at the time of the disastrous fire in Berkeley were visiting at the home of their daughter.

The many friends of the Harker family here will be glad to learn of their escape altho deploring deeply any financial loss.

The 25-Year Parker

The Classic of pens, with Super-smooth point
and Over-size ink barrel

Handsome than Gold!

First choice, by count, of 62 men in 100, Parker's lacquered Duofold pen has taken America by storm.

Its point is guaranteed for wear and mechanical perfection 25 years. Hence here is not only the handiest, but the most economical to buy!

So in sales the Duofold leads at prominent pen counters—it leads, too, for Gilt and Plume. It has gained this dominant place, notwithstanding that less than a year has elapsed since its introduction, or that those of less are lower priced.

For hands over the balanced swing of the Duofold's big, black-tipped barrel, its native Italian point—like a smooth jewel bearing—fills you with an urge to write!

Its Over-size ink capacity makes it a long-distance writer. Its color makes it a hard pen to lose or leave behind.

SUITS RESULT FROM FLOODS OF 1921

Land Owners Near Beardstown
Seek to Recover Damages from
Chicago Sanitary District

Beardstown, Sept. 18.—An aftermath of the disastrous Illinois river flood of April-May, 1921, is scheduled to be heard in the circuit court at Rushville, following the filing of a suit aggregating over a half million dollars by G. B. Christie, the Love estate and property owners of the Coal Creek Levee and Drainage District, against the Chicago Sanitary District for damages resulting when the district lands were overflowed during the flood.

The Schuyler county circuit court opened today, but it is not expected that these damage suits will be heard at this term. Commenting on the suits a Rushville newspaper correspondent says:

The most important case to come up at this term of court are those of George B. Christie, Mrs. Allie R. Love and the Coal Creek Drainage and Levee district who thru their attorney, T. E. Bottenberg, have filed three damage cases against the Sanitary District of Chicago, one for \$150,000, one for \$200,000 and one for \$250,000.

These cases are the outgrowth of the 1921 flood, which swept down the Illinois river valley, reaching a higher stage than ever before recorded, causing levees to break and resulting in property damages estimated at several million dollars.

It is alleged that the direct cause of this devastating flood was due to the fact that the Sanitary District of Chicago permitted too great a flow of water from Lake Michigan into the Illinois river, that one of the gates controlling the flow of water could not be closed on account of defective construction.

It is known that the officials of the Sanitary District were much alarmed during the flood period and almost daily had men at Frederick and other points along the river measuring the stage of water which for several days exceeded the high water mark of 1844.

These three cases are sure to attract much attention and bring to Rushville a large array of legal talent, but it is not expected that these cases will come to trial at this term of court.

ORGANIZATION WEEK ON AT HIGH SCHOOL

Societies to be Organized and Officers Elected—American History is Now Required for Graduation and Step is Considered Sign of Progress.

Work at the local high school is getting under way in good shape. This is the week of organization and election of officers for the various high school societies and clubs. This evening advisors for the Freshman and Junior classes will be chosen and later in the week officers are to be elected in the Forum and Junior Senate literary societies.

The enrollment is about the same as that of last year. Some of those who registered in the spring failed to return to school which leaves the enrollment but little increased over that of the preceding term.

Great emphasis is being laid this year on United States History. Seniors are required to take this course before being allowed to graduate. It is considered one of the essential subjects of the high school curriculum. This has not always been the case, and U. S. history until this year has been an elective course. The change is considered a step forward by high school authorities.

REV. A. E. POWELL IS TO LEAVE WOODSON

Pastor of Presbyterian Church
Resigns in Order to Take Pastorate of Larger Church

Rev. Arthur E. Powell recently gave his resignation to the people of Unity Presbyterian church of Woodson, to take effect at the end of the present month. Rev. Mr. Powell leaves the Woodson work, where he has served acceptably for five years, in order to become the pastor of the 14th Grove Presbyterian church. This flourishing country church is located between Middletown and Fancy Prairie on the Peoria road. He was led to accept the call there because of the larger opportunity for service.

In referring to the contemplated change, Mr. Powell said yesterday: "I regret leaving this community, for the people have been loyal and in many ways have made my stay very pleasant. Mrs. Powell and I have many friends in Morgan county and we will miss the many attractions of Jacksonville."

In a letter to the Journal Mr. Powell has expressed in an especially courteous way his appreciation of the space given in the Journal to the affairs of Unity church and the Woodson community. Mr. Powell believes that the use of newspaper space in reporting church affairs is a very helpful matter.

Earl Myers of Litterberry was a visitor in the business district Monday.

MISS MARY SULLIVAN IS MARRIED TUESDAY

Popular Young Woman of City
Becomes Bride of Charles D. Standley—Will Reside in Joy Prairie Community.

Miss Mary D. Sullivan and Charles D. Standley were united in marriage at 5 o'clock yesterday afternoon at the residence of Rev. F. F. Formaz, who officiated at the ceremony. The couple were attended by Miss Catherine Sullivan, sister of the bride, and D. Scott Sweeney. Following the ceremony, a wedding supper was served at the home of the bride's mother, Mrs. Mary Sullivan, on Hardin avenue. The couple left later in the evening for St. Louis for a brief wedding trip.

The bride is a graduate of Routt college here, and has taught for some time at the Illinois School for the Deaf. She is a popular and well known young woman having a wide circle of friends in Jacksonville.

The groom is the son of Mr. and Mrs. Richard Standley of the Joy Prairie neighborhood, and is a prominent young farmer in his home community. He holds office as road commissioner in his district. After their return from their wedding trip, Mr. and Mrs. Standley will make their home on a farm in the Joy Prairie vicinity.

COMMUNITY BAND TO GIVE CONCERTS

Will Play on the Square Thursday Evening and at Nichols Park Sunday Afternoon—Public Cordially Urged to Attend Programs.

The Community Band will give a concert on the square Thursday evening, to which the public is cordially invited. A platform is to be constructed somewhere on the square. The band has been rehearsing faithfully for this program and for another free concert which will be given in Nichols park next Sunday afternoon.

Those who come to the business district tomorrow evening will be rewarded with a splendid musical program, consisting of popular and classic numbers. Those who heard the band at the chaucous and at the county fair will understand what this means. The band is leaving no stone unturned to give the people some musical treats in these two public concerts.

Mrs. Dawson Darley was a Franklin representative in Jacksonville yesterday.

I. W. C. BEGINS WORK OF 78TH YEAR TODAY

President Harker Sends Welcome Address to be Read to Students at First Chapel Exercises This Morning—Rev. Stickney Will be Speaker From Churches.

The Woman's College begins its 78th year of work under most auspicious conditions. The first chapel exercise will be held at 9 o'clock this morning with Dean Austin presiding. Director Pearson will officiate at the organ. The regular impressive order of service will be followed in opening. Prayer will be offered by Rev. G. E. Stickney, after which Miss Florence Kirby of the College of Music faculty will play a group of piano selections.

Dean Austin has just received President Harker's annual welcome address to faculty and students, which she will read as a part of the chapel program. Announcements and instructions to new students will follow. All classes are expected to meet today for assignment of lessons.

Rev. Stickney will welcome the students to Jacksonville and invite them to the hospitality of the various churches. President Harker in his letter, asks that all friends of the college attend this first service today and show their interest in making the students welcome to Jacksonville.

Registration in all departments has been heavier than ever before in the history of the college. Because of this fact the college authorities have been able to select more carefully the new students, and a freshman class possessing intellectual qualities above the ordinary has thus been secured.

SCHOOL FOR DEAF NORMAL INSTITUTE

Courses Found to Be Greatly Beneficial to Teachers—Will be Continued Thruout School Year.

The School for the Deaf will open its Normal institute Monday, and will continue this course of training for the full nine months.

It has been found that these courses are of immeasurable benefit to the teachers of the deaf now in service, and it also furnishes an opportunity for others who have natural qualifications for this line of work to obtain the necessary instruction along this particular line of pedagogical work to qualify them for future teachers. The school will be in charge of competent instructors and all arrangements will be made for the convenience of those attending the institute.

YEAR WILL BEGIN AT ILLINOIS COLLEGE

JAZZ KING AND QUEEN

THE DEAR AT GRAND organization, Handy's Original Band, with W. C. Handy himself, known thruout America as the "King of Jazz," and Sara Martin, indisputably the "Queen of the Blues" will appear jointly here on Friday at the Grand.

Audiences that have packed the theatres in all cities have greeted this famous colored aggregation. In several cities visited it has been necessary to call out police reserves, so great has been the desire to see and hear these celebrities of the phonograph world. An evening packed with titillating melodies, shoulder-shaking rhythms, and syncopated tunes played and sung as no other race in existence can do, will be the fare spread before local amusement lovers. Handy is to the colored musical world what Sousa is to the white. His name has been sounded around the world as the creator of jazz and blues.

Sara Martin has outstripped all of her rivals for enormous sales of phonograph recordings. So perfect is her voice said to record and so unmatched is her rhythm, that it has become the fad in New York and other cities to buy her records for use at fashionable dances, and it is safe to say that her appearance here with Handy and his Famous Band, will create new interest in this weird, chanty, melodious style of song.

ILLINI TO SEND FLOAT TO GRAND LODGE

The regular meeting of Illini Lodge No. 4, I. O. O. F., was held Tuesday evening with a good attendance and was a very interesting session.

The lodge voted to enter a float in the Grand Lodge parade to be given in Springfield on October 17th. This parade will be one of the big events of the Grand Lodge sessions. Eliza R. Brown, who has been traveling in the west for the past 15 months was present and gave a fine talk on the industries and sights of California, which was very much enjoyed by all the members present. The booster committee has instituted a very novel plan for increasing the membership which is very effective and all members should attend meetings of the lodge in order to learn thoroughly of the plan. Present indications are that the present year will be one of the best in the history of the lodge.

FOOTBALL WORK BEGINS AT ILLINOIS

Coach Harmon Had Men Out for Practice—Must Use New Material for This Year's Team—Schedule is Announced

Preliminary football work was begun at Illinois College Monday afternoon when the equipment and clothing were brought out and placed in readiness for the grid season on the hill. Coach Harmon states that there are not as many candidates as usually turn out in the first week of school, in fact a big difference as compared with last year when 55 men appeared the first week on the field. A part of the team must be built from new material as since last season the squad has lost Plattner, Vogt, Reid, Mellon, Gunn, Ribelin and George.

The old regulars who will be in the lineup this season will be Rogers, Hopper and Roberts in the back field; Dale and Witachek, ends; Reese and Gard, tackles; and Weber, guard. Coach Harmon has some new material in sight, but at the present time does not consider that the prospects are yet as bright as they have been in some of the previous years for a consistently winning aggregation.

The schedule of games for this season are given below:
Oct. 6—Carthage at Carthage.
Oct. 13—St. Louis University at St. Louis.
Oct. 20—Normal at Jacksonville.
Oct. 27—Bradley at Peoria.
Nov. 3—Monmouth at Jacksonville.

Nov. 10—Eureka at Jacksonville.
Nov. 17—Wesleyan at Bloomington.
Nov. 24—Augustana at Jacksonville.

HUNTER ELIMINATES EVANS OF CHICAGO

All Other National and Former National Golf Champs Survive First Round Match Play.

CHICAGO, Sept. 18.—(By the A. P.)—After a day of hectic golf that threatened the extinction of several favorites, all the national and former national champions survived the first round of match play at 36 holes in the national amateur championship at the Blossmoor except Chick Evans of Chicago, who was eliminated by Willie Hunter of Los Angeles, formerly British title holder 2 and 1.

Only three of the matches were one-sided, including the overwhelming victory of the incumbent titleholder Jess Seiwitz who defeated Albert Seckel of Chicago, once intercollegiate champion 10 and 9.

Another one-sided match was that in which George Von Elm of Salt Lake City, formerly trans-Mississippi champion, defeated Captain E. F. Carter of Chicago, formerly Irish champion, 8 and 7 by shooting the best golf thus far displayed, making the first round in 71 or three better than par.

The other easy match went to H. K. B. Davis of San Francisco who, although only two up at the end of 18 holes, bested George Blossom of Chicago 7 and 5.

Jones Pulls Out.
The national open champion, Bobby Jones of Atlanta, did not have an easy time at any stage of the game, barely holding T. B. Cochran of Wichita Falls, Texas, even on the first nine, leading by one up at the end of 18 holes losing that advantage on the third nine. He finally pulled ahead, and after becoming dormie two, halved the 35 hole to win by the narrow margin of 2 to 1.

An even narrower escape was the experience of Jess Guilford of Boston, title holder three years ago, for Louis Jacoby of Dallas not only held him even for 18 holes, but after losing a hole to Guilford on the third nine yielded no further, taking the Bostonian to the 36th green where he won one up by halving that hole.

Francis Oulmet of Boston, the tamer of Vardon and Ray in 1913 lost the morning round to Anthony Haines of Rockford, Ill., being one down to the former Yale athlete at noon, but he took four holes from Haines in the first half of the afternoon session and turned into the home stretch three up only to lose part of the advantage and finally finish winner two and one.

Gardner Wins Match.
Bob Gardner of Chicago, twice winner of the title won his match

from Ruddy Knepper of Sioux City, Iowa, by three and one, a lead that he acquired in the morning and refused to relinquish, although the former Iowa champion by shooting a par 36 on the first nine of the afternoon round and scoring a birdie four on the 28th hole cut Gardner's lead to one up, but after halving five holes in par, Knepper dropped the 34th and 35th by going one over par on each and he was out.

Another former champion to get thru today's play was Dave Heron of Chicago who won the title three years ago by defeating Bobby Jones. Today he defeated Russell Martin, a Chicago youth 5 and 4.

The seventh national title winner in the contest, W. C. Fownes of Pittsburgh, held the lead all day by a narrow margin over Tom Lloyd of Chicago and finally won 3 and 2.

The closest match of all was that between the champions of Ohio and Michigan who went 35 holes before Joe Wells of East Liverpool, won from E. C. Wells of Ann Arbor.

DUNDEE-LEONARD BOUT CALLED OFF

NEW YORK, Sept. 18.—The light weight championship bout between Benny Leonard title holder and Johnny Dundee who holds the featherweight crown scheduled at the Yankee Stadium September 23, has been called off because of the lateness of the season. It was announced late today by Jimmy Johnston, matchmaker, of the Cromwell A. C.

HAYNES DEFEATED

Flossmoor, Ill., Sept. 18.—Francis Oulmet of Boston defeated Anthony Haynes of Rockford, Ill., 2 and 1.

Harry Boyd was among the callers in the city yesterday from Virginia.

Sam Jones, With His Easy Delivery Wins Word of Praise From Ty

SAM JONES

By BILLY EVANS
Ty Cobb is unquestionably the greatest batsman of all time.

Opposing pitchers will tell you that Cobb has few if any weaknesses at the plate.

In the batting end of the game Cobb is about the last word. There is style to his move. There is a reason for everything that he does.

The pitcher is Cobb's arch enemy. To a great many pitchers Cobb is poison in the parlance of the ball field.

Now just who does Ty regard as the stylist among American League pitchers?

His Delivery Ideal
Sam Jones of the New York Yankees was the man Cobb named for me during a recent discussion of big league pitchers.

"There may be more effective pitchers than Jones, pitchers capable of standing more work, but to my way of thinking Sam Jones is the stylist among American League pitchers," said Cobb.

"Jones has the ideal delivery. He is free, pitches without the slightest effort."

"Sam has everything in his assortment of foolers, a good fast ball, fast breaking curve and a fine change of pace."

Better When Careless

"When Jones is pitching, his team really has five infielders as he is a wonder moving around the box. That helps considerably."

"Jones is one of the few pitchers who can deliver his slow ball with exactly the same motion as his fast one. That is puzzling to the batsman and believe me Jones has a slow ball that is a wonder."

"If Jones has a single fault it is control, not lack of it but too much of it. He has a tendency to make his pitches too good at times. He is effective when pitching carelessly."

"To my way of thinking Jones is the real stylist among American League pitchers. He has everything."

DEMPEY'S CONDUCT IN RING QUESTIONED

New York Boxing Commission Discusses Charges But No Official Action Taken.

NEW YORK, Sept. 18.—The New York state Athletic Commission took no cognizance, officially, of the Dempsey-Firpo heavyweight championship battle today, despite reports that it might act upon the criticism directed at Referee Johnny Gallagher because of his neglect to compel Dempsey to follow instructions on several occasions during the fight.

The commission discussed the matter at its regular weekly meeting but issued no formal statement of its proceedings. It was understood, however, that the boxing solons felt that there may have been some ground for finding fault with Gallagher's conduct, his judgment in the ring nevertheless was final and could not be questioned.

The specific accusations were that Dempsey did not adhere to regulations agreed upon before the fight in failing to go to a neutral corner after each knockdown. That he hit Firpo once before the Argentine's knee had left the floor and that he struck the South American several times after the bell had rung for the end of the first round.

The Receipts.

Official attendance and gate receipts announced today, revealed that the total paid attendance of \$2,228 established a new record for fistie attractions anywhere, eclipsing both the Dempsey-Carpenter fight two years ago and the Firpo-Willard bout last July at Boyle's Thirty Acres.

The total attendance at both of these contests were between 90,000 and 100,000, according to promoter Tex Rickard's figures, but the net paid attendance at each was only about 76,000.

The total Dempsey-Firpo attendance was 87,000 while the gross receipts amounted to \$1,188,822.50, placing the match second in this respect to the Dempsey-Carpenter spectacle which attracted a "gate" of \$1,600,000.

Deduction of a federal tax of \$180,074.50 and state tax of \$57,197 left net receipts of \$951,551. Dempsey left this morning for Chicago where he will spend several days.

YANKS AMBITIONS FURTHER DELAYED

NEW YORK, Sept. 18.—New York was delayed another day in clinching the American League pennant, when Cleveland won the last game of the series 8 to 3, Cleveland won the season's series from the Yanks, 12 games to 10.

Cleveland hit Shawkey hard in the fifth and seventh innings. Sewell drove in three of the four runs scored in those innings. Shante, a young left hander, was effective against all the Yankees but Meusel who hit a home run and two doubles.

MURRAYVILLE TEAM PLAYS HERE SUNDAY

Will be Fourth of Seven Game Series with Smith's Index — Locals Lineup Will Not Be Changed.

The Murrayville Merchants will come Sunday for the fourth game of the seven game series with Smith's Index and it is up to the locals to even things for the good of the gate receipts, and also to keep themselves gingered up for the remaining contests, for the tighter the contest the harder they play.

Smith talked out loud Tuesday and stated that they positively must annex next Sunday's game and if they do then look out for some top-notch baseball for the rest of the series.

Second baseman Kolhoff is now taking his vacation and in Sunday's game Dick Ruble will be placed on second, and McDaniels will replace Ruble in Right field. Aside from this change, the Index' lineup will not be changed. The visitors will also play the same men who appeared in an of the games so far.

It is rumored that the manager of the Browns team here last Sunday cast more than one admiring glance in the direction of Henry Boyd on account of his stellar work at short. Now if Henry can get his hitting on up to where it rightfully should be again, there is no reason why he should not go higher if he wishes.

LOCAL TWILIGHTERS PLAY SPRINGFIELD

The Capps team, winners of the Twilight League championship of Jacksonville will meet the winners of the Springfield Twilight League championship, next Saturday afternoon at South Side Park the game beginning at 3:30 o'clock.

The local champs put up some classy ball during the summer series, winning the championship by a large margin and should be able to give a good account of themselves in next Saturday's game. The following is the lineup for the locals: Sellers, ss; Goodwill, 1b; McDaniels, c; Burkery, 2b; Riggs, 1b; Henderson, cf; Hoffman, 2b; Nunes, rf; Torkers pitcher.

Miss Vallie Miller of Palmyra, Mo., is visiting with Mr. and Mrs. B. J. Simms of West College street.

GOT THE REAL THING

"For five long years I suffered with stomach trouble and what the doctors called gall stone colic, and all said nothing but an operation would do me any good. A friend who had taken your medicine advised me to try it, and I found it to be the real thing. I feel better than I have in eight years and I am praising God for Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

BROWNS TAKE OPENER SENATORS WIN SECOND

Danforth Has Little Trouble With Senators — Gharriety's Home Run Drive in Ninth Preventing Shut-Out.

WASHINGTON, Sept. 18.—Washington and St. Louis divided their two games today the Browns taking the opener 5 to 1, while Washington won the second 2 to 1.

Danforth had little trouble with the Nationals. Pinch Hitter Gharriety's home run drive in the ninth preventing a shutout. Zahner had the better of Kolp in their contest the National twirler striking out six men.

What Is An "Independent?"

THE dictionary says:—An independent is one who exercises his own will or judgment without the guidance or control of others—whether in thought or some sphere of action.

In discussing the petroleum industry, the press and the public use the term "independents" to designate the competitors of the Standard Oil Company (Indiana).

The definition quoted exactly fits the Standard Oil Company (Indiana) as it neither owes nor acknowledges allegiance to any man or organization.

This clearly defines the Standard Oil Company (Indiana) as an "independent."

The Standard Oil Company (Indiana) is owned by 41,922 stockholders—not one of whom owns as much as 6% of the total stock.

The Standard Oil Company (Indiana) is managed by a Board of Directors of ten men—every one of whom started in a comparatively humble capacity and earned his place on the Board by sheer ability. These men devote their entire time to the business of this Company.

While the Standard Oil Company (Indiana) neither owes nor acknowledges allegiance to any man or organization, it is proud to acknowledge its obligation—

First—to its stockholders who have invested their capital in the enterprise.

TRAVELING DISPENSARY FOR ANIMALS PLANNED

CHICAGO.—(By the A. P.) An
effort is being made to finance the
sending of a traveling animal dis-
pensary from New York to Chi-
cago in charge of a veterinary ex-
pert to relieve animal suffering
along the route.

Such a motor vehicle would
visit many out-of-the-way coun-
try districts where there is not
enough veterinarian to attract the or-
dinary veterinarian. It would be
used to advertise the work of hu-
mane organizations in general.
A similar motor driven animal
dispensary has met with marked
success in London as well as in
the country districts of England.
All the youngsters near the route
covered by the dispensary crowd
around it bringing their own and
neighbor's dogs and other pets
that need medical treatment.

NEW YORK, Sept. 18.—After
holding relatively firm thru most
of the day, the general list gave
way to the persistent pressure ex-
erted against the low priced oil
shares, and the whole market
dropped lower in the final fifteen
minutes in today's stock market.
Many important stocks improved
in the early trading altho the oil
stocks generally opened lower
and declined steadily thruout the
day.

Absence of newspapers which
were unable to publish morning
editions because of a pressmen's
strike perhaps left traders, who
ordinarily are guided by day to
day new developments somewhat
uncertain but this deficiency was
gradually supplied thru the finan-
cial news tickers.

Bear traders who were pushing
oil stocks down on the latest cut
in gasoline prices found additional
impetus to short selling in a
statement by E. L. Doheny that
California crude production has
not yet, in his opinion reached its
high mark. Soon after that state-
ment appeared the gradual de-
cline underway in the general list
became more pronounced and in
the last few minutes sizeable
blocks of miscellaneous shares
were thrown on the market led
by American Can, the Pan-Ameri-
can issues, Baldwin and Gulf
states steel. More than a dozen
oil stocks touched new low prices
for the year, some of the losers run-
ning as high as 45 points. These
shares included Marland, Sin-
clair, Condon preferred, Produc-
ers and Refiners.

The general list losses of a
point or more were registered
among other Baldwin, Gulf States
Steel, American Locomotive, Stu-
debaker, General Motors, United
States Rubber and DuPont.

The few strong spots were
among tobacco and U. S. steel
preferred.

German marks touched 35c for
100,000,000 but rallied slightly
before the close.

COMPLETE SURVEY OF GREENE COUNTY

Geological Survey is Made by
Members of State Geological
Survey Staff—Other News
from Greene County

White Hall, Sept. 17.—The geological survey of Greene county was completed Saturday, and the director of the field work, D. M. Collingswood, has returned to Champaign. Prof. Collingswood is a member of the state geological staff. He was assisted in Greene county by T. B. Root,

who is a student for his doctor's degree during the academic year in the University of Chicago; W. E. Dickie, a student majoring in geology at Washington University, and T. W. Vase, an undergraduate at the University of Illinois. These assisting members of the party left for their respective educational institutions during the past week. Messrs. Dickie and Vase did the instrumental work to obtain the necessary elevations of rock outcrops.

The preliminary study of this section of western Illinois was begun last year by a study of Jersey and parts of Madison and

Macoupin counties, but was interrupted by the bad weather of winter, and was not resumed again until this summer, when the surveying party commenced in the southern part of Greene county. The study was carried on by careful, detailed study of all outcrops of the rock by an accurate representation of these outcrops and of the data of economic importance on a map, and by an examination of authentic records of wells which penetrate the strata of the earth deep enough to give information worth while, particularly the well at the location of the former ice plant in White Hall, 1400 feet. The results of such surveys have in the past aided greatly in developing the state's mineral resources, and have made possible the publication of much information that is helpful in the varied industries. Study of the state's mineral resources looking to the conservation and development is one of the responsibilities of the state to its people. The existence of rock structures of the sort which favor the accumulation of oil and gas is seldom obvious to the casual observer, and their detection requires careful detailed work. The possible extension of coal fields and clay

workings is also kept in mind, and light is sought as to the existence, nature and disposition of workable deposits of clay, coal, and limestone beds of economic importance. Mr. Collingswood has returned to the office to check up on the field work just completed, and will be engaged in office work through the winter. The knitting mills in the opera house were put in operation this week with about a dozen girls on the machines. There are thirty machines in operation, and the management has places for more girls right away. It is estimated that between the ages of 16 and 22 years, to make application for places whether they are on the waiting list and have heretofore filed applications. Supt. Heuer will go to St. Louis Thursday to arrange for bringing forty more machines to White Hall at once, and this will mean that so many more girls will have places next week. The arrangements and surroundings are most inviting; the management has little difficulty in satisfying the employees so far who are being trained for a line of employment that is steady and pays well. Delay has been occasioned in getting started on the new factory building on South Main street because of the objection on the part of an adjoining resident, and this objection is being arranged satisfactorily to all concerned.

Dr. and Mrs. Robert Barclay have returned to St. Louis, following their regular summer sojourn in White Hall. This has come to be their regular practice, and Dr. Barclay always to a high pitch of ecstasy in recounting this annual pleasure among a people so hospitable. Last week Dr. Barclay was a guest at the meeting of the Greene County Medical Society in White Hall, at which the leading speaker was Dr. H. P. Beirne of Quincy, on the subject of "The Economic Side of the Practice of Medicine." Dr. Barclay participated in the discussion with Drs. Edwards, Cravens, Chapin, Smith, McLaren Burns, Chapman, Joutet, Knox and Edwards. Others present were Drs. Peek, Billings, Thomas and Bucklin.

The weekly weather and crop report for this station for the week ending Monday finds silo filling well under way, having got started last week in a few instances. Corn is out of danger of frost, except a small amount of late planted. It developed a high grade crop, but some of the fields will be hogged down for various reasons, chiefly because of a scarcity of farm labor and high wages, and again much of the corn is down from windstorms.

Delay in the completion of threshing has resulted in a corresponding delay to plowing, but it can now be stated that the wheat is practically all threshed, and there will be a reduced acreage devoted to wheat.

There are lots of feeding cattle, but the pig situation has become involved in an epidemic of hog cholera that is serious in this vicinity, as well as elsewhere over the state, according to advices coming to the hog cholera serum plant of Gregory farm.

The winter apple harvest has succeeded the fall apple harvest, and 156 pickers are employed in the McClay orchard alone, meaning over 200 men at work, where improved methods of handling the crops are in use that relieve all danger of bruising and enabling more perfect sorting. Altogether hundreds of men are engaged in the apple harvest.

The water situation has improved very little. The White Hall municipal supply has received the attention of an engineering force the past week, and a great reservoir adjacent to the present reservoir seems a probability when the report of the city engineer is submitted. Local public sentiment is united on a water supply of the largest dimension regardless of cost.

MOTORISTS ARE TO FEEL THE LAW

Attorney General Brundage Issues an Opinion—Practice of Parking on Highways is Menace to Safety.

SPRINGFIELD, Ill.—(By the A. P.)—Motorists who stop on the public highway to quench their thirst at the road houses or before the innumerable 'community stores' that now dot the roads, or who illegally occupy part of the roadway while taking on gasoline, are to feel the weight of the law, according to L. H. Hendrick, assistant chief state maintenance engineer.

Mr. Hendrick cited a ruling by Attorney General Edward J. Brundage, which said:

"Use of the right of way of the public highways for private gain cannot be granted by the highways or any other departments." "All such establishments," said Mr. Hendrick, "must be situated clear of the right of way and all cars parked near them must be parked clear of the right of way and on the property of the owners of such places."

"Automobiles parked on the state highways are a menace to traffic and an appeal is made to the department, asking drivers to refrain from this dangerous practice."

"While there is no law prohibiting parking on the highways," continued Mr. Hendrick, "such practice causes delays, inconvenience, and frequently accidents. Motorists stopping for repairs or other necessary reasons should park their cars on the 'shoulder' of the road or on strips of road provided in many places alongside the main highway."

"Common sense is the best safety device known. If every motorist uses this device there will be fewer accidents, fewer delays and, generally speaking, much less trouble on the highways."

Signs, calling the motorist's attention to ordinances have been erected in many places.

ILLINOIS WOMAN'S COLLEGE NOTES

Miss Audrey Layman of Amherst, Ill., who is a former student of the class of '25, was married Sunday, Sept. 16 to Harland Porter of Lincoln, Ill. Mr. and Mrs. Porter will live in Chicago.

Mrs. Daisy Cox Nevil of Gallon, Ohio, came with her daughter who registered as a freshman in the college yesterday. Mrs. Nevil was a student at the college in '26 and '27 and her mother, Mrs. Candace Henry Cox of Cooperstown, was a student in '68 and '69.

Helen Uhl, her mother and sister, of Evansville, Ind., were guests at the college yesterday, having come with Miss Janie Uhl, who is entering college as a freshman. Miss Helen Uhl, who was last year executive secretary of the Red Cross at Malta, Mont., has been made director of the Red Cross work for the state of Wyoming. She expects to go west from Chicago soon.

Margaret Fowler, a graduate of the class of '23 is teaching in Colome, S. D.

Alma Blodgett, also of the class of '23, is teaching at Meeteetse, Wyo.

Elizabeth Webster Gist of Fall City, Neb., a former student of I. W. C., was recently married to Dr. Millard U. Burton, at Council Bluffs, Ia.

The big fire at Berkeley, Cal., destroyed several residences in the vicinity in which Dr. and Mrs. Harker are staying.
